About Harvesting Hope

This luncheon attracts 200+ CSC supporters each year, including local leaders, partners, volunteers, and philanthropists. Featuring hopeful stories from our community and special messages from CSC leaders and partners, it also serves as a cornerstone of our fundraising efforts, helping us deliver critical services to individuals and families seeking food relief and other resources for improved health, dignity, and stability. Our work is only possible with the generous support of local businesses, clubs, churches, and individuals.
